

CELEBRATING 100 YEARS OF ROOFING EXCELLENCE

From sheet metal gutters and downspouts in 1910 to energy-saving green roof systems today, no commercial and industrial roofing contractor tops our commitment to quality or personal attention to detail. For 100 years, A-1 Roofing has installed a diverse range of roof systems and backed them with timely, dependable maintenance and repair services.

- A-1 Roofing has been family owned and operated for three generations
- Offering specialized expertise in schools, churches, hospitals, residential high-rises, public buildings and retail centers
- Coal Tar Pitch, Asphalt, Modified Bitumen, TPO, EPDM, PVC and Green Roofs plus Air Barrier Systems, Architectural Sheet Metal and Standing Seam Roofs
- Fluid-applied (above and below grade) waterproofing systems
- The latest safety equipment, staff training and employee incentive programs result in safe work environments and lower insurance costs
- Digitized plan review and paperless estimating technology make A-1 Roofing a more efficient and environmentally responsible company

FOR EXPERIENCE AND LONG-LASTING PERFORMANCE, CHOOSE THE ROOFING COMPANY THAT CHICAGO AREA BUILDING OWNERS AND CONTRACTORS HAVE DEPENDED ON SINCE 1910.
